Storm Group Services Limited

We commit to uphold the Armed Forces Covenant and support the Armed Forces Community. We recognise the contribution that Service personnel, both regular and reservist, veterans and military families make to our organisation, our community and to the country.

Signed on behalf of:

Storm Group Services Limited

Signed:

Name: Alexander Finch-Hutchins

Position: Director

Date: 11/08/2025

The Armed Forces Covenant

An Enduring Covenant Between

The People of the United Kingdom
His Majesty's Government

– and –

All those who serve or have served in the Armed Forces of the Crown

And their Families

The first duty of Government is the defence of the realm. Our Armed Forces fulfil that responsibility on behalf of the Government, sacrificing some civilian freedoms, facing danger and, sometimes, suffering serious injury or death as a result of their duty. Families also play a vital role in supporting the operational effectiveness of our Armed Forces. In return, the whole nation has a moral obligation to the members of the Naval Service, the Army and the Royal Air Force, together with their families. They deserve our respect and support, and fair treatment.

Those who serve in the Armed Forces, whether Regular or Reserve, those who have served in the past, and their families, should face no disadvantage compared to other citizens in the provision of public and commercial services. Special consideration is appropriate in some cases, especially for those who have given most, such as the injured and the bereaved.

This obligation involves the whole of society: it includes voluntary and charitable bodies, private organisations, and the actions of individuals in supporting the Armed Forces. Recognising those who have performed military duty unites the country and demonstrates the value of their contribution. This has no greater expression than in upholding this Covenant.

Section 1: Principles of The Armed Forces Covenant

1.1 We, **Storm Group Services Limited**, will endeavour to uphold the key principles of the Armed Forces Covenant:

- *Members of the Armed Forces Community should not face disadvantages arising from their service in the provision of public and commercial services.*
- *In some circumstances special provision may be justified, especially for those who have given the most, such as the injured or bereaved.*

Section 2: Demonstrating our Commitment

2.1 We recognise the contribution that Service personnel, reservists, veterans, the cadet movement and military families make to our organisation, our community and to the country. We will seek to uphold the principles of the Armed Forces Covenant by:

- **Promoting the Armed Forces:** Promoting the fact that we are an Armed Forces-friendly organisation to our staff, customers, suppliers, contractors and the wider public. Supporting national events such as Armed Forces Day, Reserves Day, the Poppy Appeal Day and Remembrance activities.

- **Employment support to members of the Armed Forces Community:** We actively encourage applications from veterans, Service leavers, reservists, and military spouses, recognizing the valuable skills and experience they bring to the business. Additionally, flexibility will be provided to reservists and cadet volunteers to accommodate training and mobilisation commitments.

- **Communications, engagement and outreach:** We will maintain visible support for the Armed Forces community by sharing a small number of Armed Forces-related updates through our communication channels each year. The pledge will be reviewed annually to ensure our commitments remain current and visible.

- **Commercial:** Where possible, prioritising Armed Forces community–owned or operated businesses within our supply chain, from subcontractors to materials suppliers, to help create economic opportunities for veterans, reservists, and their families.

- **Health:** We will promote a safe and supportive working environment across all sites. Information on Armed Forces mental health and wellbeing support services will be clearly displayed in our offices and site welfare areas. Site safety will remain a priority for all employees and contractors.

- **Housing:** In housing projects for homes and public buildings, we think about the special needs of veterans and Service families when designing and building. We include easy-to-use features like step-free access, wider doorways, and adapted bathrooms to help those with injuries or long-term health issues from their service. We aim to create strong, comfortable homes that make life easier and safer for the Armed Forces community.

- **Education:** When working in educational settings, we will accommodate short site visits or careers discussions where safe and appropriate. We will also welcome requests from cadet organisations for site visits, subject to safety considerations and operational requirements.

- **Civic responsibilities:** Supporting national remembrance and Armed Forces-related events as part of civic engagement. Where appropriate, incorporating commemorative features (e.g., plaques or memorial spaces) into public building projects in recognition of local Armed Forces contributions.

- **Any additional commitment the organisation wishes to make:** Supporting Armed Forces charities through fundraising, payroll giving, and enabling staff to volunteer on charity builds or renovation projects. Exploring opportunities to donate unused materials or surplus equipment to Armed Forces community projects.

2.2 We will publicise these commitments through our literature and/or on our website, setting out how we will seek to honour them and inviting feedback from the Armed Forces Community and our customers on how we are doing.
